**Re: Wireless Interconnection and Compensation Agreement between
Horry Telephone Cooperative, Inc. and ~~Spring~~ Spectrum, L.P.**

Sprint

Dear Mr. Walsh:

Enclosed for filing please find three (3) hard copies and one (1) electronic copy (Microsoft Word '97) of the Wireless Interconnection and Compensation Agreement between Horry Telephone Cooperative, Inc. and ~~Spring~~ Spectrum, L.P. This agreement is being submitted for the Commission's approval pursuant to 47 U.S.C. § 252(e).

Please clock in a copy and return it with our courier.

Thank you for your assistance.

Very truly yours,

Margaret M. Fox

Enclosures

cc: Jamie Grey Ponder

WIRELESS INTERCONNECTION AND COMPENSATION AGREEMENT

1.0 INTRODUCTION

This Interconnection and Compensation Agreement ("Agreement") is effective as of the 1st day of January, 2001 (the "Effective Date"), by and between Horry Telephone Cooperative, Inc. ("HORRY") a South Carolina company, with offices at 3480 Hwy 701 North, Conway, South Carolina 29528 and Sprint Spectrum L.P., a Delaware limited partnership, as agent for SprintCom, Inc., a Kansas corporation, d/b/a Sprint PCS ("SPCS"), with offices at 4900 Main, Kansas City, Missouri 64112.

2.0 RECITALS

WHEREAS, HORRY is an incumbent Local Exchange Carrier in the State of South Carolina;

WHEREAS, SPCS is a Commercial Mobile Radio Service (CMRS) provider of two-way mobile communications services operating within the state of South Carolina;

WHEREAS, HORRY and SPCS exchange calls between their networks and wish to establish Interconnection and Compensation arrangements for exchanging traffic as required under 47 U.S.C. § 251(b)(5).

NOW, THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, HORRY and SPCS hereby agree as follows:

3.0 DEFINITIONS

Special meanings are given to common words in the telecommunications industry, and coined words and acronyms are common in the custom and usage in the industry. Words used in this contract are to be understood according to the custom and usage of the telecommunications industry, as an exception to the general rule of contract interpretation that words are to be understood in their ordinary and popular sense. In addition to this rule of interpretation, the following terms used in this Agreement shall have the meanings as specified below:

3.1 "Act" means the Communications Act of 1934, as amended by the Telecommunications Act of 1996 and from time to time implemented by the duly authorized rules and regulations of the FCC or the Commission.

3.2 "As Defined in the Act", means as specifically defined by the Act.

3.3 "Affiliate" means a person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another person. For purposes of this paragraph, the term "own" means to own an equity interest (or the equivalent thereof) of more than 10 percent.

3.4 "Central Office Switch" means a switch used to provide Telecommunications Services, including, but not limited to:

(a) "End Office Switch" is a switch in which the subscriber station loops are terminated for connection to trunks. The subscriber receives terminating,

3.0 DEFINITIONS (Continued)

switching, signaling, transmission, and related functions for a defined geographic area by means of an end office switch.

- (b) "Remote End Office Switch" is a switch in which the subscriber station loops are terminated. The control equipment providing terminating, switching, signaling, transmission, and related functions would reside in a host office. Local switching capabilities may be resident in a remote end office switch.
- (c) "Host Office Switch" is a switch with centralized control over the functions of one or more remote end office switches. A host office switch can serve as an end office as well as providing services to other remote end offices requiring terminating, signaling, transmission, and related functions including local switching.
- (d) "Tandem Office Switch" is a switching system that establishes trunk-to-trunk connections. Local tandems switch calls from one end office to another within the same geographic area, and access tandems switch traffic from host or end offices to and from an interexchange carrier. A tandem office switch can provide host office or end office switching functions as well as the tandem functions.

A Central Office Switch may also be employed as a combination End Office/Tandem Office Switch.

- 3.5 "Commercial Mobile Radio Services" or "CMRS" means Commercial Mobile Radio Services as defined in 47 C.F.R. Part 20.
- 3.6 "Commission" means the South Carolina Public Service Commission.
- 3.7 "Common Channel Interoffice Signaling" or "CCIS" means the signaling system, developed for use between switching systems with stored-program control, in which all of the signaling information for one or more groups of trunks is transmitted over a dedicated high-speed data link rather than on a per-trunk basis and, unless otherwise agreed by the Parties, the CCIS used by the Parties shall be Signaling System Seven ("SS7").
- 3.8 "DS1" is a digital signal rate of 1.544 Mbps (Mega Bits Per Second).
- 3.9 "DS3" is a digital signal rate of 44.736 Mbps.
- 3.10 "Effective Date" means the date first above written.
- 3.11 "FCC" means the Federal Communications Commission.
- 3.12 "Interconnection" for purposes of this Agreement is the linking of HORRY and SPCS networks for the exchange of telecommunications traffic described in this Agreement.
- 3.13 "Interexchange Carrier" or "IXC" means a carrier that provides or carries, directly or indirectly, InterLATA Service or IntraLATA Toll Traffic.
- 3.14 "InterLATA Service" means telecommunications between a point located in a local access and transport area and a point located outside such area.

3.0 DEFINITIONS (Continued)

- 3.15 "IntraLATA Toll Traffic" means those intraLATA station calls that are not defined as Local Telecommunications Traffic in this Agreement.
- 3.16 "Local Access and Transport Area" or "LATA" means a contiguous geographic area –
- (a) Established before February 8, 1996, by a Bell Operating Company such that no exchange area includes points within more than 1 metropolitan statistical area, consolidated metropolitan statistical area, or State, except as expressly permitted under the AT&T Consent Decree; or
 - (b) Established or modified by a Bell Operating Company after February 8, 1996, and approved by the Commission. 47 U.S.C. §153(25)
- 3.17 "Local Service Area" means, for SPCS, Major Trading Area Number 6 (Charlotte-Greensboro-Greenville-Raleigh) and for Horry, its local calling area contained in Horry's General Customer Services Tariff.
- 3.18 "Local Telecommunications Traffic" is defined for purposes of compensation under this Agreement as Local Service Area traffic that (a) is originated by a customer of one Party on that Party's network, (b) terminates to a customer of the other Party on the other Party's network within the same Major Trading Area (MTA), and (c) may be handled pursuant to an agreement between the originating Party and a carrier which performs only a transiting function for the originating Party in lieu of a direct connection between the Parties, provided that the service provided by SPCS is a two-way Mobile Service as defined at 47 U.S.C. §153(27). Horry and SPCS do not agree whether Mobile Service, as defined at 47 U.S.C. §153(27), includes the provision of fixed wireless services and therefore disagree on the regulatory treatment applicable to exchange of such traffic. SPCS does not currently provide fixed wireless services in Horry's Local Service Area. SPCS agrees that it will provide Horry prior notice of its intent to launch fixed wireless services in Horry's Local Service Area. Upon Horry's receipt of such notice, the Parties agree to negotiate an appropriate agreement, or an amendment to this Agreement, which will address the exchange of such traffic.
- 3.19 "Local Exchange Carrier" or "LEC" is as defined in the Act.
- 3.20 "Major Trading Area" or "MTA" means Major Trading Area as defined by the FCC in 47 C.F.R. Part 24.202.
- 3.21 "Meet Point" is a point of interconnection between two networks, designated by two telecommunications carriers, at which one carrier's responsibility for service begins and the other carrier's responsibility ends.
- 3.22 "Multi-frequency" means a signaling system for use between switching systems which uses a method of sending pulses over a circuit by using one pair of tones from a total set of five tones to encode each digit.
- 3.23 "NPA" or the "Number Plan Area" also referred to as an "area code" refers to the three-digit code which precedes the NXX in a dialing sequence and identifies the general calling area within the North American Numbering Plan scope to which a call is routed to (i.e., NPA/NXX-XXXX).
- 3.24 "NXX" means the three-digit code, which appears as the first three digits of a seven-digit telephone number within a valid NPA or area code.

3.0 DEFINITIONS (Continued)

- 3.25 "Non-Local Traffic" - All traffic which is not Local Telecommunications Traffic as defined in Section 3.18 hereof is Non-Local Traffic and will not be subject to Reciprocal Compensation.
- 3.26 "Mobile Service" means a radio communication service carried on between mobile stations or receivers and land stations, and by mobile stations communicating among themselves, and includes (a) both one-way and two-way radio communication services, (b) a mobile service which provides a regularly interacting group of base, mobile, portable, and associated control and relay stations (whether licensed on an individual, cooperative, or multiple basis) for private one-way or two-way land mobile radio communications by eligible users over designated areas of operation, and (c) any service for which a license is required in a personal communications service established pursuant to the FCC proceeding entitled "Amendment to the Commission's Rules to Establish New Personal Communications Services" (GEN Docket No. 90-314; ET Docket No. 92-100), or any successor proceeding.
- 3.27 "Mobile Station" means a radio-communication station capable of being moved and which ordinarily does move.
- 3.28 "Mobile Switching Center" or "MSC" is a switching facility that performs the switching for the routing of calls among its mobile subscribers and subscribers in other mobile or landline networks. The MSC is used to connect and switch trunk circuits within the wireless network and between the wireless network and the public switched network for wireless traffic by a CMRS provider.
- 3.29 "Party" means either Horry or SPCS, and "Parties" means Horry and SPCS.
- 3.30 "Percent Interstate Usage (PIU)" is defined as a factor to be applied to interMTA minutes of use in order to designate those minutes that should be rated as interstate access service minutes of use. The numerator includes all interstate interMTA minutes of use, less any interstate minutes of use for terminating party pays services, such as 800 Services. The denominator includes all interMTA minutes of use less all minutes attributable to terminating party pays services.
- 3.31 "Percent Local Usage (PLU)" is defined as a factor to be applied to terminating minutes of use. The numerator shall include all "non-intermediary" local minutes of use (i.e. those minutes of use that originate on one Party's network and terminate on another Party's network). The denominator is the total minutes of use including local and toll.
- 3.32 "Point of Interconnection" or "POI" is a technically feasible point of demarcation where the exchange of traffic between two carriers takes place.
- 3.33 "Rate Center" means the specific geographic point and corresponding geographic area that is associated with one or more NPA-NXX codes that have been assigned to an incumbent LEC for its provision of telecommunications services.
- 3.34 "Reciprocal Compensation" means an arrangement between two carriers in which each receives compensation from the other carrier for the transport and termination on each carrier's network of Local Telecommunications Traffic, as defined in Section 3.18 above, that originates on the network facilities of the other carrier. Reciprocal compensation for the purpose of this agreement is based on Horry's cost of transport and termination.

3.0 DEFINITIONS (Continued)

- 3.35 "Telecommunications" means the transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received.
- 3.36 "Telecommunications Act" means the Communications Act of 1934, as amended.
- 3.37 "Telecommunications Carrier" means any provider of telecommunications services, except that such term does not include aggregators of telecommunications services (as defined in 47 U.S.C. Section 226(a)(2)). A telecommunications carrier shall be treated as a common carrier under this chapter only to the extent that it is engaged in providing telecommunications services, except that the Federal Communications Commission shall determine whether the provision of fixed and mobile satellite service shall be treated as common carriage.
- 3.38 "Termination" means the switching of Local Telecommunications Traffic at the terminating carrier's end office switch, or equivalent facility, and delivery of such traffic to the called party's premises.
- 3.39 "Transiting Traffic" is traffic that originates from one provider's network, "transits" one or more other provider's network substantially unchanged, and terminates to yet another provider's network.
- 3.40 "Transport" means the transmission and any necessary tandem switching of Local Telecommunications Traffic subject to Section 251(b)(5) of the Act from the interconnection point between the two carriers to the terminating carrier's end office switch that directly serves the called party, or equivalent facility provided by a carrier other than an incumbent LEC.
- 3.41 "Type 1 Service" often referred to as a line-side trunk connection, is a service that involves connection to a telephone company end office and the POI that utilizes NPA NXXs assigned and resident in the HORRY end office.
- 3.42 "Type 2 Service" often referred to as a trunk side connection, is a service that involves interconnection to a telephone company end office (Type 2-B) or tandem (Type 2-A).

4.0 INTERPRETATION AND CONSTRUCTION

All references to Sections, Exhibits and Schedules shall be deemed to be references to Sections of, and Exhibits and Schedules to, this Agreement unless the context shall otherwise require. The headings of the Sections and the terms are inserted for convenience of reference only and are not intended to be a part of or to affect the meaning of this Agreement. Unless the context shall otherwise require, any reference to any agreement, other instrument or other third party offering, guide or practice, statute, regulation, rule or tariff is for convenience of reference only and is not intended to be a part of or to affect the meaning of a rule or tariff as amended and supplemented from time-to-time (and, in the case of a statute, regulation, rule or tariff, to any successor provision).

5.0 SCOPE

- 5.1 This Agreement is intended, inter alia, to describe and enable specific Interconnection and Reciprocal Compensation arrangements between the Parties. This Agreement does not obligate either Party to provide arrangements not specifically provided for herein.

5.0 SCOPE (Continued)

- 5.2 This Agreement sets forth the terms, conditions, and rates under which the Parties agree to interconnect the CMRS network of SPCS and the LEC network of HORRY for purposes of exchanging Local Telecommunications Traffic, provided that the service provided by SPCS to its customer is a two-way Mobile Service as defined in 47 U.S.C. §153(27). HORRY and SPCS do not agree whether Mobile Service, as defined at 47 U.S.C. §153(27), includes the provision of fixed wireless services and therefore disagree on the regulatory treatment applicable to exchange of such traffic. SPCS does not currently provide fixed wireless services in HORRY's Local Service Area. SPCS agrees that it will provide HORRY prior notice of its intent to launching fixed wireless services in HORRY's Local Service Area. Upon HORRY's receipt of such notice, the Parties agree to negotiate an appropriate agreement or an amendment to this Agreement, which will address the exchange of such traffic.
- 5.3 SPCS represents that it is a CMRS provider of telecommunications services to subscribers in MTA No. 6 (Charlotte-Greensboro-Greenville-Raleigh). SPCS' NPA/NXXs are listed in the Telcordia's Local Exchange Routing Guide ("LERG") for Operating Company Number ("OCN") "6664 or 8570", in the state of South Carolina. The Parties agree that all Local Telecommunications Traffic shall be exchanged via the facilities described in Section 6.1. In the event of catastrophic situations (i.e., a failure in the network), other facilities may be used by the Parties to exchange Local Service Area Traffic under this Agreement, including limited third party LEC networks between the Parties.
- 5.4 This Agreement is limited to traffic of HORRY end user customers for which HORRY has tariff authority to carry. This Agreement does not cover traffic of SPCS on a one way mobile basis, sometimes called paging service.
- 5.5 Nothing in this Agreement shall prohibit SPCS from enlarging its system through management contracts with third parties for the construction and operation of a wireless network under the SPCS brand name. Traffic originating or terminating on such extended networks shall be treated as SPCS' traffic under the terms, conditions, and rates of this Agreement.
- 5.6 The Parties also agree to exchange traffic associated with Third-Party local providers if an agreement has been made between the originating carrier and both the transiting company and the terminating company.
- 5.7 For purposes of determining originating and terminating points, the originating or terminating point for HORRY shall be the end office serving the calling or called party, and for SPCS shall be the originating or terminating cell site location which services the calling or called party at the beginning of the call.

6.0 SERVICE AGREEMENT

Description of Arrangements. This Agreement provides for the following interconnection and arrangements between the networks of HORRY and SPCS. Additional arrangements that may be agreed to in the future will be delineated in Attachment A to this Agreement. Type 2A interconnection and arrangements are based on existing rate center designation for SPCS' NPA/NXX(s), rate centered at HORRY exchange(s), as listed in the LERG. Routing of traffic shall be as described in this section, except that, alternatives may be employed in the event of emergency or temporary equipment failure.

- 6.1 Type 2A Interconnection. A two-way trunk group is provisioned between HORRY's access tandem and SPCS' point of presence in the HORRY East Conway exchange, with the Point Of Interconnection designated at HORRY's access tandem switch. This trunk

6.0 SERVICE AGREEMENT (Continued)

group is provisioned in connection with SPCS' NPA/NXX(s) rate centered at the HORRY West Myrtle Beach exchange. The Type 2A service involves the HORRY landline homing arrangement for SPCS' NPA/NXX(s), hosted by SPCS with rate center designation of HORRY exchange(s).

A. Landline to Wireless

Local Service Area calls from HORRY customers to SPCS customers shall be routed from HORRY access tandem to SPCS via the two-way direct trunk group. All other landline to wireless calls shall be routed in accordance with the Telcordia's Traffic Routing Administration instructions.

B. Wireless to Landline

Calls originated by SPCS' customers within MTA #6 (Charlotte-Greensboro-Greenville-Raleigh), or customers of another CMRS provider that has entered into roaming arrangement with SPCS, while roaming in MTA #6, to HORRY's customers shall be routed from SPCS' network via the two-way direct trunk group to the HORRY's access tandem for termination by HORRY to its customers, as appropriate. All other wireless to landline calls shall be routed in accordance with Telcordia's Traffic Routing Administration instructions.

- 6.2 Indirect Traffic to HORRY. To the extent that SPCS and BellSouth, or SPCS and another LEC, have entered into or may enter into contractual arrangements for the delivery of SPCS traffic to HORRY for termination to HORRY's customers (i.e., traffic that is not covered elsewhere in this Agreement), HORRY will accept this traffic subject to the compensation arrangements as outlined in Section 7 below.
- 6.3 Transiting Traffic. The Parties acknowledge and agree that this Agreement is intended to govern the exchange of traffic to and from the Parties' respective networks only. Traffic originated by a Party and delivered to the other Party for termination to the network of a non-party Telecommunications Carrier ("Non-party Carrier") may be delivered only with the consent of such Non-party Carrier or pursuant to Commission directive. If a Non-party Carrier objects to the delivery of such traffic, then either Party to this Agreement may request direction from the Commission. If a Non-party Carrier consents, then the Party performing such transiting function will bill the other Party the transiting charge, as specified in Section 5 below. In order for Non-party Carrier to bill the other Party for charges it is obligated to pay the Non-party Carrier, the Party performing the transiting function must provide total minutes of transiting traffic terminating to the Non-party Carrier. If SPCS desires to provide transiting function for a Non-Party Carrier, SPCS will request an amendment to this agreement.
- 6.4 Signaling. SS7 connectivity is required on both Parties' networks where it is technically available. SS7 connectivity will be provided in accordance with the technical specifications of accepted industry practice and standards. The Parties agree to cooperate on the exchange of all appropriate SS7 messages for local call set-up, including ISDN User Part ("ISUP") and Transaction Capability User Part ("TCAP") messages to facilitate full interoperability of all Custom Local Area Signaling Service ("CLASS") features and functions between their respective networks. Any other SS7 message services to be provided using TCAP messages (such as database queries) will be jointly negotiated and agreed upon. All SS7 signaling parameters will be provided in conjunction with traffic trunk groups, where and as available. These parameters include, but are not limited to, Automatic Number Identification ("ANI"), Calling Party Number ("CPN"), Privacy Indicator, calling party category information, charge number, etc. All parameters related to network signaling information will also be provided, such as Carrier Information Parameter ("CIP"),

6.0 SERVICE AGREEMENT (Continued)

wherever such information is needed for call routing and billing. Each Party will honor all Privacy Indicators as required under applicable law. SPCS must interconnect, directly or indirectly, with the HORRY Signal Transfer Points ("STPs") serving the Local Service Area in which Reciprocal Compensation traffic will be exchanged. SPCS may choose a third party SS7 signaling provider to transport signaling messages to and from HORRY's SS7 network. In that event, the third-party provider must present a letter of agency to HORRY authorizing the third party to act on behalf of SPCS in transporting SS7 messages to and from HORRY. The third-party provider for SPCS must interconnect with the HORRY STP(s) serving the geographic area in which the traffic exchange trunk groups are located. Where SS7 signaling is not available, in-band, Multi-frequency ("MF") signaling shall be used in accordance with accepted industry practice and standards. Where SS7 signaling is not available, the Parties also agree to certify that the traffic exchanged is within the scope of this Agreement.

7.0 COMPENSATION

7.1 Traffic Subject to Reciprocal Compensation.

Reciprocal compensation is applicable for Transport and Termination of Local Telecommunications Traffic as defined in Section 3.18 and is related to the exchange of traffic described in Section 6.1, 6.2, and as applicable. For the purposes of billing compensation for Local Telecommunications Traffic, billed minutes will be based upon actual usage recorded, with the exception of traffic described in Section 6.3, where records/reports provided by the transiting carrier shall be the basis for billing. Measured usage begins when the terminating recording switch receives answer supervision from the called end-user and ends when the terminating recording switch receives or sends disconnect (release message) supervision, whichever occurs first. The measure usage is aggregated and rounded to a whole minute. Billing for Local Telecommunications Traffic shall be based on the aggregated measured usage less traffic recorded as local that is Non-Local.

The rate for Reciprocal Compensation shall be \$ 0.026 per minute.

7.2 Traffic Subject to Access Compensation.

The Parties agree that traffic rated and recorded as Local Telecommunications Traffic, may originate or terminate in another MTA, and is therefore Non-Local and subject to access compensation.

Access Compensation is applicable to all Non-Local Traffic exchanged between HORRY and SPCS via the two-way direct trunk group, as described in Section 6.1 and as applicable. SPCS shall compensate HORRY at HORRY's applicable access tariff rates for all such Non-Local Traffic.

7.3 Transiting Compensation

Transiting Compensation is applicable to the traffic originated on SPCS' network and routed to HORRY over the two-way direct trunk group for delivery to a Non-Party telecommunications carrier that subtends HORRY's tandem, as described in Section 6.3 above.

The rate for Transiting Compensation shall be \$ 0.008 per minute.

7.4 Calculation of Payments and Billing.

7.0 COMPENSATION (Continued)

- 7.4.1 HORRY shall compensate SPCS for Local Telecommunications Traffic that is delivered by HORRY to SPCS over the two-way direct trunk groups, as prescribed and at the rate provided in Section 7.1, above. SPCS will compensate HORRY for Local Telecommunications Traffic delivered to HORRY for termination to its customers, as prescribed and at the rate provided in Section 7.1, and for Non-Local Traffic exchanged between SPCS & HORRY, as prescribed and at the rates provided in Section 7.2, above. SPCS shall also compensate HORRY for Transiting services, as prescribed and at the rates provided in Section 7.3, above.
- 7.4.2 SPCS shall prepare a monthly billing statement to HORRY, reflecting the calculation of Reciprocal Compensation due SPCS. HORRY shall prepare a monthly billing statement to SPCS which will separately reflect the calculation of Reciprocal Compensation, Access Compensation, Transiting Compensation, and total compensation due HORRY. HORRY shall use the total terminating traffic recorded by GTE, other Bell Operating Companies, or other LEC's performing the transit function on behalf of SPCS for billing SPCS. When HORRY performs the transit function on behalf of another LEC or CMRS provider, the originated traffic terminated to HORRY will be recorded by HORRY for billing SPCS.
- 7.4.3 To facilitate billing for Non-Local Traffic by HORRY, SPCS shall provide HORRY on a monthly basis with the total minutes of Non-Local traffic terminated between the Parties, since HORRY cannot determine the location of SPCS' customer receiving a call.
- 7.4.4 In the event that SPCS does not track the usage information required to identify the total Non-Local Traffic originated or terminated by HORRY on a monthly basis, both Parties agree to treat all traffic as Local Telecommunications Traffic, until such time as either Party is able to provide actual recorded usage as the basis for billing.
- 7.4.5 Where Type 2A interconnection facilities are used for two-way traffic exchange between the Parties, the recurring charges for such facilities billed by HORRY shall be reduced by an agreed upon percentage representing the estimated or actual percentage of traffic exchanged between the Parties over such facilities that originate on HORRY's network by HORRY's customers. This percentage is referred to as the Traffic Factor. The Parties agree to review these percentages on a periodic basis and, if warranted by the actual usage, revise the percentages appropriately.
- | | | |
|----|----------------------|-----|
| a) | Landline to Wireless | 28% |
| b) | Wireless to Landline | 72% |
- 7.4.6 Each party may request to inspect, during normal business hours, the records which are the basis for any monthly bill issued by the other Party and to request copies thereof provided that the requested records do not exceed 12 months in age from the date the monthly bill containing said record information was issued.
- 7.4.7 As soon as technically feasible, HORRY shall prepare its bill in accordance with existing CABS / SECABS billing systems. SPCS will prepare its bill in accordance with the OBF (CABS BOS) industry standards. The Parties will make an effort to conform to current and future OBF (CABS BOS) standards, insofar as is reasonable. Verifiable usage data for up to six (6) months prior to the date of the

7.0 COMPENSATION (Continued)

invoice, not to include data prior to the effective date of this agreement may be included in the invoice.

8.0 NOTICE OF CHANGES

If a Party contemplates a change in its network, which it believes will materially affect the inter-operability of its network with the other Party, the Party making the change shall provide at least ninety (90) days advance written notice of such change to the other Party.

9.0 GENERAL RESPONSIBILITIES OF THE PARTIES

9.1 Each Party is individually responsible to provide facilities within its network which are necessary for routing, transporting and, consistent with Section 7, measuring and billing traffic from the other Party's network and for delivering such traffic to the other Party's network in a mutually acceptable format, and to terminate the traffic it receives in that mutually acceptable format to the proper address on its network. The Parties are each solely responsible for participation in and compliance with national network plans, including The National Network Security Plan and The Emergency Preparedness Plan. Neither Party shall use any service related to or use any of the Services provided in this Agreement in any manner that prevents other persons from using their service or destroys the normal quality of service to other carriers or to either Party's customers, and subject to notice and a reasonable opportunity of the offending Party to cure any violation, either Party may discontinue or refuse service if the other Party violates this provision.

9.2 Each Party is solely responsible for the services it provides to its customers and to other Telecommunications Carriers.

9.3 Each Party is responsible for administering NXX codes assigned to it.

9.4 Each Party is responsible for obtaining Local Exchange Routing Guide ("LERG") listings of the Common Language Location Identifier ("CLLI") assigned to its switches.

9.5 Each Party shall use the LERG published by Telcordia or its successor for obtaining routing information and shall provide all required information to Telcordia for maintaining the LERG in a timely manner.

9.6 SS7 Out-of-Band Signaling (CCS/SS7) shall be the signaling of choice for Type 2 trunks where technically feasible for both Parties. Use of a third party provider of SS7 trunks, for connecting SPCS to the Horry SS7 system is permitted. Such connections shall meet generally accepted industry standards.

9.7 TROUBLE REPORTING.

In order to facilitate trouble reporting and to coordinate the repair of Interconnection Facilities, trunks, and other interconnection arrangements provided by the Parties under this Agreement, each Party has established a single point of contact available 24 hours per day, seven days per week, at telephone numbers to be provided by the Parties. Each Party shall call the other at these respective telephone numbers to report trouble with connection facilities, trunks, and other interconnection arrangements, to inquire as to the status of trouble ticket numbers in progress, and to escalate trouble resolution.

9.0 GENERAL RESPONSIBILITIES OF THE PARTIES (Continued)

9.7.1 24 Hour Network Management Contact:

For Horry Telephone Cooperative:

NCC Contact Number: 843-365-2186

Facsimile Number: 843-365-0031

For Sprint PCS:

Contact Number: 888-859-1400

Facsimile Number: 913-859-4987

E-mail: nocc@nmcc.sprintSPCS.com

10.0 TERM AND TERMINATION

10.1 Subject to the provisions of Section 13, the initial term of this Agreement shall be for one year ("Term") which shall commence on the Effective Date. This Agreement shall automatically renew for successive six-month periods, unless, not less than thirty (30) days prior to the end of the Term or any renewal term, either party notifies the other party of its intent to terminate this Agreement.

10.2 The Parties agree that disputed and undisputed amounts due under this Agreement shall be handled as follows:

10.2.1 If any portion of an amount due to a Party (the "Billing Party") under this Agreement is subject to a bona fide dispute between the Parties, the Party billed (the "Non-Paying Party") shall, within thirty (30) days of its receipt of the invoice containing such disputed amount, give written notice to the Billing Party of the amounts it disputes ("Disputed Amounts") and include in such notice the specific details and reasons for disputing each item. The Non-Paying Party shall pay when due all undisputed amounts to the Billing Party. The Parties will work together in good faith to resolve issues relating to the disputed amounts. If the dispute is resolved such that payment of the disputed amount is required, whether for the original full amount or for the settlement amount, the Non-paying Party shall pay the full disputed or settlement amounts with interest at the lesser of (i) one and one-half percent (1-1/2%) per month or (ii) the highest rate of interest that may be charged under South Carolina's applicable law. In addition, the Billing Party may cease terminating traffic for the Non-paying Party after undisputed amounts not paid become more than 90 days past due, provided the Billing Party gives an additional 30 days notice and opportunity to cure the default.

10.2.2 Any undisputed amounts not paid when due shall accrue interest from the date such amounts were due at the lesser of (i) one and one-half percent (1-1/2%) per month or (ii) the highest rate of interest that may be charged under South Carolina's applicable law.

10.2.3 Undisputed amounts shall be paid within thirty (30) days of delivery of invoice from the Billing Party.

10.3 Upon termination or expiration of this Agreement in accordance with this Section:

(a) Each Party shall comply immediately with its obligations as set forth above:

(b) Each Party shall promptly pay all amounts (including any late payment charges) owed under this Agreement;

10.0 TERM AND TERMINATION (Continued)

(c) Each Party's indemnification obligations shall survive termination or expiration of this Agreement.

10.4 Either Party may terminate this Agreement in whole or in part in the event of a default of the other Party, provided, however, that the non-defaulting Party notifies the defaulting Party in writing of the alleged default and the defaulting Party does not implement mutually acceptable steps to remedy such alleged default within thirty (30) days after receipt of written notice thereof.

10.5 If this Agreement expires for any reason except for non-payment under Section 10.2.1 or material default under Section 10.4, it is the intent of the parties to continue to exchange traffic under the terms and conditions of this Agreement until the parties reach a mutually agreeable substitute agreement.

11.0 CANCELLATION CHARGES

Except as provided herein, no cancellation charges shall apply.

12.0 NON-SEVERABILITY

12.1 The services, arrangements, terms and conditions of this Agreement were mutually negotiated by the Parties as a total arrangement and are intended to be non-severable.

12.2 Nothing in this Agreement shall be construed as requiring or permitting either Party to contravene any mandatory requirement of federal or state law, or any regulations or orders adopted pursuant to such law.

12.3 If any provision of this Agreement is held by a court or regulatory agency of competent jurisdiction to be unenforceable, the rest of the Agreement shall remain in full force and effect and shall not be affected unless removal of that provision results in a material change to this Agreement. If a material change as described in this paragraph occurs as a result of action by a court or regulatory agency, the Parties shall negotiate in good faith for replacement language. If replacement language cannot be agreed upon within a reasonable period, either Party may terminate this Agreement without penalty or liability for such termination upon a sixty day written notice to the other Party.

13.0 INDEMNIFICATION

13.1 Each Party (the "Indemnifying Party") shall indemnify and hold harmless the other Party ("Indemnified Party") from and against loss, cost, claim liability, damage, and expense (including reasonable attorney's fees) to customers and other third parties for:

- (1) damage to tangible personal property or for personal injury proximately caused by the negligence or willful misconduct of the Indemnifying Party, its employees, agents or contractors;
- (2) claims for libel, slander, or infringement of copyright arising from the material transmitted over the Indemnified Party's facilities arising from the Indemnifying Party's own communications or the communications of such Indemnifying Party's customers; and;

13.0 INDEMNIFICATION (Continued)

- (3) claims for infringement of patents arising from combining the Indemnified Party's facilities or services with, or the using of the Indemnified Party's services or facilities in connection with, facilities of the Indemnifying Party.

Neither Party shall accept terms of a settlement that involves or references the other Party in any matter without the other Party's approval.

Notwithstanding this indemnification provision or any other provision in the Agreement, neither Party, nor its parent, subsidiaries, affiliates, agents, servants, or employees, shall be liable to the other for Consequential Damages (as defined in Section 14.3).

- 13.2 The Indemnified Party will notify the Indemnifying Party promptly in writing of any claims, lawsuits, or demands by customers or other third parties for which the Indemnified Party alleges that the Indemnifying Party is responsible under this Section, and, if requested by the Indemnifying Party, will tender the defense of such claim, lawsuit or demand.

- (1) In the event the Indemnifying Party does not promptly assume or diligently pursue the defense of the tendered action, then the Indemnified Party may proceed to defend or settle said action and the Indemnifying Party shall hold harmless the Indemnified Party from any loss, cost liability, damage and expense.
- (2) In the event the Party otherwise entitled to indemnification from the other elects to decline such indemnification, then the Party making such an election may, at its own expense, assume defense and settlement of the claim, lawsuit or demand.
- (3) The Parties will cooperate in every reasonable manner with the defense or settlement of any claim, demand, or lawsuit.

14.0 LIMITATION OF LIABILITY

- 14.1 No liability shall attach to either Party, its parents, subsidiaries, affiliates, agents, servants, employees, officers, directors, or partners for damages arising from errors, mistakes, omissions, interruptions, or delays in the course of establishing, furnishing, rearranging, moving, terminating, changing, or providing or failing to provide services or facilities (including the obtaining or furnishing of information with respect thereof or with respect to users of the services or facilities) in the absence of gross negligence or willful misconduct.
- 14.2 Except as otherwise provided in Section 13.0, no Party shall be liable to the other Party for any loss, defect or equipment failure caused by the conduct of the first Party, its agents, servants, contractors or others acting in aid or concert with that Party, except in the case of gross negligence or willful misconduct.
- 14.3 In no event shall either Party have any liability whatsoever to the other Party for any indirect, special, consequential, incidental or punitive damages, including but not limited to loss of anticipated profits or revenue or other economic loss in connection with or arising from anything said, omitted or done hereunder (collectively, "Consequential Damages"), even if the other Party has been advised of the possibility of such damages.

15.0 REGULATORY APPROVAL

The Parties understand and agree that this Agreement will be filed with the Commission, and to the extent required by FCC rules may thereafter be filed with the FCC. Each Party covenants and agrees to fully support approval of this Agreement by the Commission or the FCC under Section

15.0 REGULATORY APPROVAL (Continued)

252(e) of the Act without modification. The Parties, however, reserve the right to seek relief and otherwise seek redress from each other regarding performance and implementation of this Agreement. In the event the Commission or FCC rejects this Agreement in whole or in part, the Parties agree to meet and negotiate in good faith to arrive at a mutually acceptable modification of the rejected portion(s). Further, this Agreement is subject to change, modification, or cancellation as may be required by a regulatory authority or court in the exercise of its lawful jurisdiction.

The Parties agree that their entrance into this Agreement is without prejudice to any positions they may have taken previously, or may take in future, in any legislative, regulatory, judicial or other public forum addressing any matters, including matters related to the same types of arrangements covered in this Agreement.

16.0 PENDING JUDICIAL APPEALS AND REGULATORY RECONSIDERATION

The Parties acknowledge that the respective rights and obligations of each Party as set forth in this Agreement are based on the text of the Act and the rules and regulations promulgated thereunder by the FCC and the Commission as of the Effective Date ("Applicable Rules"). In the event of any amendment to the Act, any effective legislative action or any effective regulatory or judicial order, rule, regulation, arbitration award, dispute resolution procedures under this Agreement or other legal action purporting to apply the provisions of the Act to the Parties or in which the FCC or the Commission makes a generic determination that is generally applicable which revises, modifies or reverses the Applicable Rules (individually and collectively, Amended Rules), either Party may, by providing written notice to the other party, require that the affected provisions of this Agreement be renegotiated in good faith and this Agreement shall be amended accordingly to reflect the pricing, terms and conditions of each such Amended Rules relating to any of the provisions in this Agreement.

17.0 MOST FAVORED NATION PROVISION

In accordance with Section 252(i) of the Act, SPCS shall be entitled to obtain from HORRY any Interconnection/Compensation arrangement provided by HORRY to any other CMRS provider that has been filed and approved by the Commission, for services described in such agreement, on the same terms and conditions.

18.0 MISCELLANEOUS

18.1 Authorization

18.1.1 HORRY is a corporation duly organized, validly existing and in good standing under the laws of the State of South Carolina and has full power and authority to execute and deliver this Agreement and to perform its obligations hereunder, subject to any necessary regulatory approval.

18.1.2 Sprint Spectrum L.P. is a limited partnership duly organized, validly existing and in good standing under the laws of the State of Delaware and has full power and authority to execute and deliver this Agreement and to perform its obligations hereunder, subject to any necessary regulatory approval.

18.2 Compliance. Each Party shall comply with all applicable federal, state, and local laws, rules, and regulations applicable to its performance under this Agreement.

18.3 Independent Contractors. Neither this Agreement, nor any actions taken by SPCS or HORRY in compliance with this Agreement, shall be deemed to create an agency or joint venture relationship between SPCS and HORRY, or any relationship other than that of

18.0 MISCELLANEOUS (Continued)

purchaser and seller of services. Neither this Agreement, nor any actions taken by SPCS or HORRY in compliance with this Agreement, shall create a contractual, agency, or any other type of relationship or third party liability between SPCS and HORRY end users or others.

- 18.4 Force Majeure. Neither Party shall be liable for any delay or failure in performance of any part of this Agreement from any cause beyond its control and without its fault or negligence including, without limitation, acts of nature, acts of civil or military authority, government regulations, embargoes, epidemics, terrorist acts, riots, insurrections, fires, explosions, earthquakes, nuclear accidents, floods, work stoppages, equipment failure, power blackouts, volcanic action, other major environmental disturbances, unusually severe weather conditions, inability to secure products or services of other persons or transportation facilities or acts or omissions of transportation carriers (collectively, a "Force Majeure Event"). If any Force Majeure condition occurs, the Party delayed or unable to perform shall give immediate notice to the other Party and shall take all reasonable steps to correct the force majeure condition. During the pendency of the Force Majeure, the duties of the Parties under this Agreement affected by the Force Majeure condition shall be abated and shall resume without liability thereafter.

18.5 Confidentiality

- 18.5.1 Any information such as specifications, drawings, sketches, business information, forecasts, models, samples, data, computer programs and other software and documentation of one Party (a Disclosing Party) that is furnished or made available or otherwise disclosed to the other Party or any of its employees, contractors, or agents (its "Representatives" and with a Party, a "Receiving Party") pursuant to this Agreement ("Proprietary Information") shall be deemed the property of the Disclosing Party. Proprietary Information, if written, shall be clearly and conspicuously marked "Confidential" or "Proprietary" or other similar notice, and, if oral or visual, shall be confirmed in writing as confidential by the Disclosing Party to the Receiving Party within ten (10) days after disclosure. The following information shall be deemed Proprietary Information whether or not marked as such: orders for services, usage information in any form, and Customer Proprietary Network Information ("CPNI") as that term is defined by the Act and the rules and regulations of the FCC ("Confidential and/or Proprietary Information"). Unless Proprietary Information was previously known by the Receiving Party free of any obligation to keep it confidential, or has been or is subsequently made public by an act not attributable to the Receiving Party, or is explicitly agreed in writing not to be regarded as confidential, such information: (i) shall be held in confidence by each Receiving Party; (ii) shall be disclosed to only those persons who have a need for it in connection with the provision of services required to fulfill this Agreement and shall be used by those persons only for such purposes; and (iii) may be used for other purposes only upon such terms and conditions as may be mutually agreed to in advance of such use in writing by the Parties. Notwithstanding the foregoing sentence, a Receiving Party shall be entitled to disclose or provide Proprietary Information as required by any governmental authority or applicable law, upon advice of counsel, only in accordance with Section 18.5.2 of this Agreement.
- 18.5.2 If any Receiving Party is required by any governmental authority or by applicable law to disclose any Proprietary Information, then such Receiving Party shall provide the Disclosing Party with written notice of such requirement as soon as possible and prior to such disclosure. The Disclosing Party may then seek appropriate protective relief from all or part of such requirement. The Receiving Party shall use all commercially reasonable efforts to cooperate with the

18.0 MISCELLANEOUS (Continued)

Disclosing Party in attempting to obtain any protective relief which such Disclosing Party chooses to obtain.

- 18.5.3 In the event of the expiration or termination of this Agreement for any reason whatsoever, each Party shall return to the other Party or destroy all Proprietary Information and other documents, work papers and other material (including all copies thereof) obtained from the other Party in connection with this Agreement and shall use all reasonable efforts, including instructing its employees and others who have had access to such information, to keep confidential and not to use any such information, unless such information is now, or is hereafter disclosed, through no act, omission or fault of such Party, in any manner making it available to the general public.
- 18.6 Governing Law. For all claims under this Agreement that are based upon issues within the jurisdiction (primary or otherwise) of the FCC, the exclusive jurisdiction and remedy for all such claims shall be as provided for by the FCC and the Act. For all claims under this Agreement that are based upon issues within the jurisdiction (primary or otherwise) of the Commission, the exclusive jurisdiction for all such claims shall be with the Commission, and the exclusive remedy for such claims shall be as provided for by such Commission. In all other respects, this Agreement shall be governed by the domestic laws of the State of South Carolina without reference to conflict of law provisions.
- 18.7 Taxes. Each Party purchasing services hereunder shall pay or otherwise be responsible for all federal, state, or local sales, use, excise, gross receipts, transaction or similar taxes, fees or surcharges levied against or upon such purchasing Party (or the providing Party when such providing Party is permitted to pass along to the purchasing Party such taxes, fees or surcharges), except for any tax on either Party's corporate existence, status or income. Whenever possible, these amounts shall be billed as a separate item on the invoice. To the extent a sale is claimed to be for resale tax exemption, the purchasing Party shall furnish the providing Party a proper resale tax exemption certificate as authorized or required by statute or regulation by the jurisdiction providing said resale tax exemption. Failure to timely provide such sale for resale tax exemption certificate will result in no exemption being available to the purchasing Party.
- 18.8 Assignment. This Agreement shall be binding upon the Parties and shall continue to be binding upon all such entities regardless of any subsequent change in their ownership. Each Party covenants that, if it sells or otherwise transfers to a third party, unless the Party which is not the subject of the sale or transfer reasonably determines that the legal structure of the transfer vitiates any such need, it will require as a condition of such transfer that the transferee agree to be bound by this Agreement with respect to services provided over the transferred facilities. Except as provided in this paragraph, neither Party may assign or transfer (whether by operation of law or otherwise) this Agreement (or any rights or obligations hereunder) to a third party without the prior written consent of the other Party which consent will not be unreasonably withheld; provided that either Party may assign this Agreement to a corporate Affiliate or an entity acquiring all or substantially all of its assets or equity by providing prior written notice to the other Party of such assignment or transfer. Any attempted assignment or transfer that is not permitted is void ab initio. Without limiting the generality of the foregoing, this Agreement shall be binding upon and shall inure to the benefit of the Parties' respective successors and assigns.
- 18.9 Non-Waiver. Failure of either Party to insist on performance of any term or condition of this Agreement or to exercise any right or privilege hereunder shall not be construed as a continuing or future waiver of such term, condition, right or privilege.

18.0 MISCELLANEOUS (Continued)

- 18.10 Notices. Notices given by one Party to the other Party under this Agreement shall be in writing and shall be: (i) delivered personally; (ii) delivered by express delivery service; (iii) mailed, certified mail, return receipt requested; or (iv) delivered by telecopy to the following addresses of the Parties:

To: SPCS
Sprint Spectrum L.P.
Manager, Carrier Interconnection
Management
4900 Main
Kansas City, MO 64112

To: HORRY
Horry Telephone Cooperative, Inc.
Interconnection Manager
3480 Hwy 701 N
PO BOX 1820
Conway, SC 29528

With a copy to:

Sprint Spectrum L.P.
Director, National Network Engineering
11880 College Blvd.
Overland Park, KS 66210

Or to such other address as either Party shall designate by proper notice. Notices will be deemed given as of the earlier of: (i) the date of actual receipt; (ii) the next business day when notice is sent via express mail or personal delivery; (iii) three (3) days after mailing in the case of certified U.S. mail; or (iv) on the date set forth on the confirmation in the case of telecopy.

- 18.11 Publicity and Use of Trademarks or Service Marks. Neither Party nor its subcontractors or agents shall use the other Party's trademarks, service marks, logos or other proprietary trade dress in any advertising, press releases, publicity matters or other promotional materials without such Party's prior written consent.
- 18.12 Joint Work Product. This Agreement is the joint work product of the Parties and has been negotiated by the Parties and their respective counsel and shall be fairly interpreted in accordance with its terms. In the event of any ambiguities, no inferences shall be drawn against either Party.
- 18.13 No Third Party Beneficiaries; Disclaimer of Agency. This Agreement is for the sole benefit of the Parties and their permitted assigns, and nothing herein expressed or implied shall create or be construed to create any third-party beneficiary rights hereunder. Except for provisions herein expressly authorizing a Party to act for another, nothing in this Agreement shall constitute a party as a legal representative or agent of the other Party; nor shall a Party have the right or authority to assume, create or incur any liability or any obligation of any kind, express or implied, against, in the name of, or on behalf of the other Party, unless otherwise expressly permitted by such other Party. Except as otherwise expressly provided in this Agreement, no party undertakes to perform any obligation of the other Party, whether regulatory or contractual, or to assume any responsibility for the management of the other Party's business.
- 18.14 No License. No license under patents, copyrights, or any other intellectual property right (other than the limited license to use consistent with the terms, conditions and restrictions of this Agreement) is granted by either Party, or shall be implied or arise by estoppel with respect to any transactions contemplated under this Agreement.
- 18.15 Technology Upgrades. Nothing in this Agreement shall limit either Parties' ability to upgrade its network through the incorporation of new equipment, new software or otherwise, provided it is to industry standards, and that the Party initiating the upgrade

18.0 MISCELLANEOUS (Continued)

shall provide the other Party written notice at least ninety (90) days prior to the incorporation of any such upgrade in its network which will materially impact the other Party's service. Each Party shall be solely responsible for the cost and effort of accommodating such changes in its own network.

- 18.16 Entire Agreement. The terms contained in this Agreement and any Schedules, Exhibits, tariffs and other documents or instruments referred to herein are hereby incorporated into this Agreement by reference as if set forth fully herein, and constitute the entire agreement between the Parties with respect to the subject matter hereof, superseding all prior understandings, proposals and other communications, oral or written. Neither Party shall be bound by any preprinted terms additional to or different from those in this Agreement that may appear subsequently in the other Party's form documents, purchase orders, quotations, acknowledgments, invoices or other communications. This Agreement may only be modified by in writing and signed by an officer of each Party.
- 18.17 Amendments. Any amendment, modification, or supplement to this Agreement must be in writing and signed by an authorized representative of each party. The term "this Agreement" shall include future amendments, modifications, and supplements.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed as of the dates listed below.
